## Demid Moshkovich

python developer

### About me

I'm a developer from Minsk, Belarus. Mostly, I'm self-taught, so now I have experience in many IT areas and I can adapt to almost any requirements

With several years of experience, ranging from web development to algorithmics, I took part in some conferences and olympiads and worked as a freelancer

### Soft skills

- communication
- collaboration
- passion for education
- leadership

### Hard skills

PYTHON	90%
DJANGO	70%
C++	60%
WEB	70%
SQL	50%

TELEGRAM: [@irongun](https://t.me/irongun)

HABR FREELANCE: [@IronGun](https://habr.com/ru/users/irongun/)

GITHUB: [@IronGunYT](https://github.com/IronGunYT)

MY WEBSITE: \*coming soon\*

## Experience

2020-2023

### PET PROJECTS

I made several pet projects, such as my portfolio website, a web game, several web utilities and two telegram bots. You can find sources on my GitHub

2022-2023

### FREELANCE

I worked as a freelancer and did various projects, e.g. web scrapers and websites with complex server architecture

2022-2023

### TEACHING

I teach students the basics of programming languages and algorithms

2018-2022

### CONFERENCES AND OLYMPIADS

In school, I took part in some competitions. For example, I took part in ICYS-2022(International Conference) with my team. We presented an app based on a neural network for finding the best placement of cameras in a room

## Education

2022-now

### BSU

I study at BSU, FAMCS, "Applied Computer Science"

2021-2021

### MENTORING - VK TESTERS

I've completed VK testers manual QA educational course

## Skills & more information

My English level is about B2. I worked with:

- Python + Django
- Web(html+css+js)
- Scraping(bs4, selenium)
- C++
- and much more

You can also see my projects and full list of skills on my website and [GitHub](#)
